# About TechPG

TechPG provides financial and program management software and consulting services to public sector entities with a strong financial systems focus.

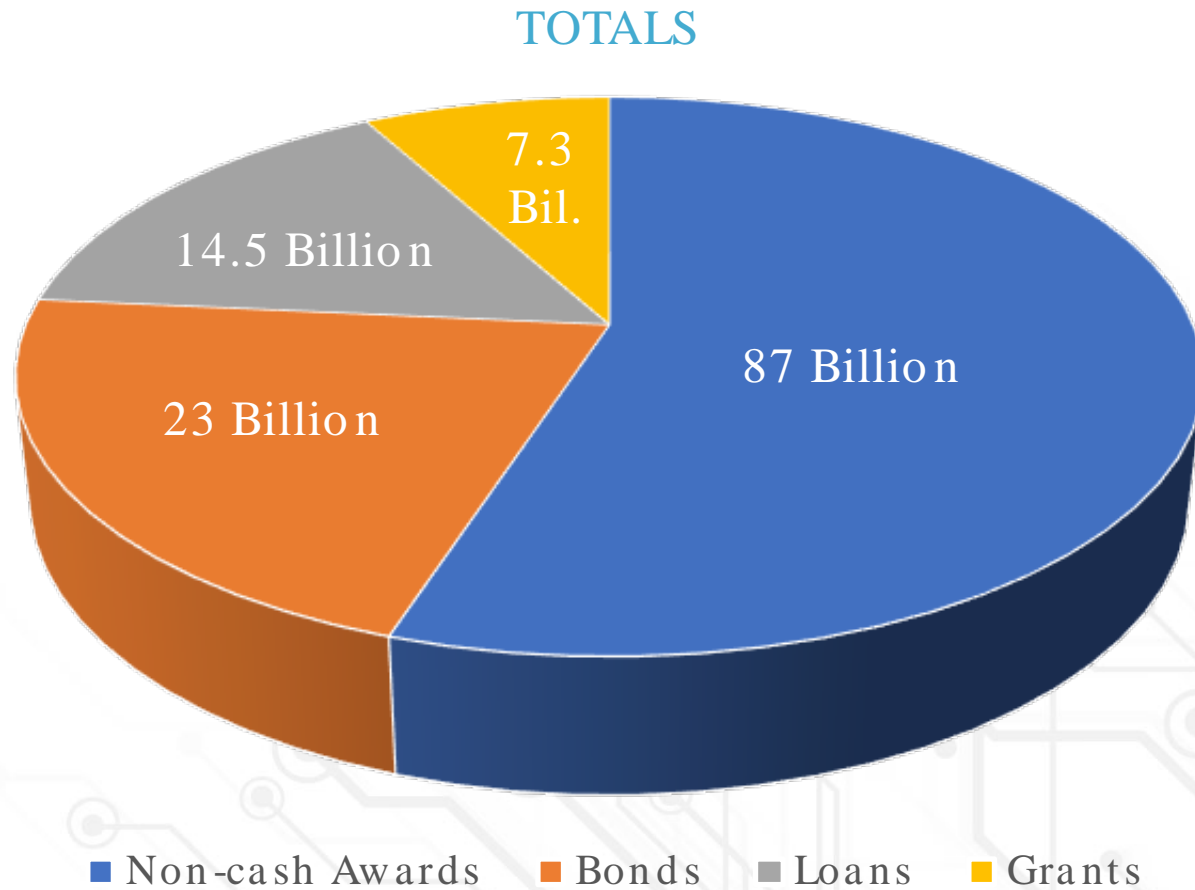

- ▶ Established 1992 – developed national child support, welfare, and Medicaid financial management software
- ▶ Developed EnABLE, an enterprise-class software system designed to manage infrastructure, SRF and economic development programs

**EnABLE IMPLEMENTATION**  
**IT CONSULTATION**

\$131.8 Billion  
Currently Managed  
with EnABLE

**ENABLE™**

by  TechPG

# Keys to a Successful Implementation

# Pre-RFP Preparation

- ▶ Management and staff buy-in of transition to a new system
- ▶ Requirements definition
- ▶ Defining current processes and areas of possible improvement
- ▶ Identify data sources and areas needing data cleanup
- ▶ Defining role of state IT and their cooperation

# Solution Selection

Vendor with:

- ▶ Program experts
- ▶ Proven experience
- ▶ Robust configurable product
- ▶ Commitment to trusted relationships
- ▶ Effective support

# Configuration and Implementation

Involvement of key agency staff:

- ▶ Program knowledge at all levels
- ▶ Decision making authority
- ▶ Allotted time to work on the project
- ▶ Willingness to transform processes to take advantage of system capabilities
- ▶ Perform data validation and verification and cleanup efforts
- ▶ Testing preparation to ensure system meets known possibilities and testing performed by users who do the work

**EnABLE™**

by  **TechPG**
