

## **ONSITE PROGRAM**

Hyatt Regency St. Louis at the Arch  
St. Louis, Missouri  
November 6 – 9, 2022

### **PRE-WORKSHOP SESSION (SUNDAY, NOVEMBER 6)**

---

#### **SRF 101: Welcome to the Nation's Premier Program for Funding Water Infrastructure**

Learn everything you need to know about the Clean Water and Drinking Water State Revolving Funds, from eligible projects to the types of financial assistance available to policies and processes for delivering state and federal funding to communities.

### **PLENARY SESSIONS**

---

#### **Spotlight on the Show Me State**

Learn about the history of water and environmental protection in Missouri.

- Dru Buntin, Director, Missouri Department of Natural Resources

#### **SRF Townhall**

Join the conversation with the SRF community about what's working, what's new and what's next in financing for drinking water and clean water infrastructure projects. Hear from the nation's leaders about their vision for implementation of the historic and transformational Infrastructure Investment and Jobs Act.

- Jim McGoff, Indiana Finance Authority
- Dr. Jennifer McLain, U.S. Environmental Protection Agency
- Dr. Andrew Sawyers, U.S. Environmental Protection Agency

## **BREAKOUT SESSIONS**

---

(as of July 27, 2022 • Sessions Subject to Change)

### **State Spotlights**

Learn how the SRFs set their priorities, develop their policy, and establish their process to finance critical water infrastructure projects that increase protection for public health and the environment.

### **American Rescue Plan and Infrastructure Investment and Jobs Act**

Learn how states are using funding from the America Rescue Plan and Infrastructure Investment and Jobs Act to finance water infrastructure projects.

### **Lead Service Line Inventories**

Learn how SRFs are conducting inventories to develop the pipeline of projects for lead service line replacement projects.

### **Lead Service Line Replacement Project**

Learn how states are funding lead service line projects and how programs have adjusted to new requirements

### **Remediation of Emerging Contaminants with the Clean Water SRFs**

Learn how the Clean Water SRFs are remediating emerging contaminants, with a focus on PFAS.

### **Remediation of Emerging Contaminants with the Drinking Water SRFs**

Learn how the Clean Water SRFs are remediating emerging contaminants, with a focus on PFAS.

### **Green Water Infrastructure Projects**

Learn how the Clean Water SRFs are funding innovative green projects, such as energy efficiency improvements, water reuse, and stormwater infrastructure that mimics nature.

### **Small Communities**

Learn how SRFs are helping small and rural communities fund water infrastructure to protect public health and the environment.

### **Leveraging**

Learn the latest policy and requirements for leveraged programs.
